INFOR LN

EXTENDED PROFILE

OVERVIEW

Establish a foundation for digital transformation with Infor LN—a powerful ERP software solution for complex manufacturers, supporting all production processes from engineer-to-order to repetitive. From large, global, multi-site manufacturing enterprises to smaller, single-site organizations, Infor LN has capabilities designed to meet the needs of discrete manufacturers.

Infor LN is available on-premises, hybrid, or in the cloud as CloudSuite Aerospace & Defense, CloudSuite Automotive, CloudSuite Industrial Enterprise, and LN in the Cloud.

Wherever it is deployed, this ERP solution offers fast and cost-effective deployment on the shop floor and across the supply chain with integration to financials, quality management, service management, and order management. Contextualized, industry-specific analytics help you gather real-time data and monitor metrics for improved communication with global business partners.
