ERPFOCUS

INTUITIVE ERP

EXTENDED PROFILE

OVERVIEW

Intuitive ERP is used by companies that operate in regulated industries, such as electronics, medical devices, and aviation. It is very suitable for those companies who must comply with strong regulatory and governmental requirements such as component serial number traceability, product configuration, quality management and engineering change management.

Intuitive ERP provides a modular range of options, available in out of the box form where users can subscribe to specific needs or the whole range of functionality. Other Aptean software can also be used alongside Intuitive ERP, providing enhanced business intelligence, ecommerce solutions, HR and financial reporting.

Intuitive ERP is available in multi-currency, multi-language and integrates with Microsoft, Oracle and other leading operating systems and databases as the architecture is compatible with Microsoft.net. This enables the range to be used by companies of all sizes and multi nationally.
